

## SENATOR PHELAN SAYS BRITISH EMPIRE IS EMULATING THE HUN

### California Senator Says British Borrowed Four Billion From United States and Spent Her Own Money Monopolizing the World Oil Supply.

(By The Associated Press)  
WASHINGTON, Jan. 6.—Great Britain was accused of "emulating the Hun" in pursuing her post-war policy by Senator Phelan, Democrat, California, speaking in the senate today after Senator McKellar, Tennessee, had advocated cutting off the British supply of American oil unless Americans were accorded equal rights with British subjects in the purchase and development of world oil supplies.

The California senator added to his accusation the charge that Great Britain at the same moment she was appealing for American aid during the war declaring her back was to the wall was buying up oil lands in other countries. With this charge Senator Phelan coupled another to the effect that Great Britain had obtained four billion dollars in loans from the United States and had used her money in an endeavor to acquire a monopoly of the world oil supply. Senator McKellar a few moments before the Pacific Coast senator made his charges had declared that Great Britain was putting forward claims of inability to pay interest on American war loans and was buying up the world oil resources and using American oil saving her own supplies for the future. The United States, Senator McKellar declared has the power to "bring England to terms," by refusing permission for the obtaining oil from America and in that connection he urged immediate action on his bill proposing reciprocity as regards oil with those nations which do not discriminate against American citizens and retaliation against those nations that do.

Discusses Japan Question  
Senator Phelan turned the debate from the oil question to the Japanese land question by declaring that the Japanese were buying oil from British companies in California for \$1.60 a barrel while Californians were being charged \$2.40 a barrel. Further acquisition of California oil lands by British interests Mr. Phelan said would be stopped thru enactment by the legislature of that state of a general anti-alien land ownership bill which he said would at the same time meet the Japanese land problem.

Information was said by Senator Phelan to have come to him from "underground sources" that there recently had been a conference of British and Japanese representatives at which the Japanese were advised against accepting the proposed general anti-alien land bill as a settlement of the present controversy over land legislation.

"The fight is on and California proposes to retaliate," Senator Phelan added.

Senator Kellogg, Republican of Minnesota, said the government should by treaty provide for protection of American interests in development of oil in foreign countries.

Senator King, Democrat, Utah, declared that general anti-alien land-ownership laws should not be adopted by states except as retaliatory measures, because, he said, they might provoke foreign reprisals.

STATE COMMANDER OF FOREIGN WAR VETS HERE  
Dickson, state commander of the Veterans of Foreign Wars, with headquarters in Chicago, came to Jacksonville Thursday. Commander Dickson visited disabled ex-service men at Jacksonville State hospital. He also held a conference with officers of Harrison Dickson post. The state commander informed local veterans that their organization and the American Legion are working together in the effort to bring to pass legislation favorable to ex-service men.

PROPERTY SOLD  
AT AUCTION THURSDAY  
A public auction was held at the court house Thursday afternoon when two residences on Buffalo avenue belonging to the Lumley estate were sold. Charles M. Strawn was the auctioneer. W. E. Smith purchased a six room house for \$950 and one of four rooms for \$700.

CHIEF DEPORTING AGENT AT ELLIS ISLAND  
New York, Jan. 6.—Leo Russell, chief deporting agent of the immigration service, arrived today at Ellis Island from Washington to arrange details of the deportation of Ludwig C. A. Martens, Russian soviet, ambassador, and his staff on the steamer Stockholm scheduled to leave here for Sweden the end of the month. No guards will accompany the party.

## MEMBERSHIP WILL BE INCREASED BY PROPOSED MEASURE

### Would Give House Total Membership of 483

#### CALIFORNIA WILL GAIN FIVE

(By The Associated Press)  
WASHINGTON, Jan. 6.—The membership of the house of representatives would be increased to 483 under a bill which will be reported tomorrow by Chairman Siegel of the census committee to fix the reapportionment for the next ten years under the 1920 census. The bill would mean an increase of 48 over the present membership of 435. No state would lose any representation. At the same time, Representative Siegel will introduce a constitutional amendment to limit the size of the future houses to 500 members.

Adoption of the reapportionment measure would result in an increase in the total vote of the electoral college to 579 making 289 necessary for the election of a president and vice-president of the United States.

The present vote is 531 making 266 necessary for a choice. California would make the largest gain of new members, five under the bill bringing her total to 16. Michigan, New York, Ohio and Pennsylvania would gain four each. Illinois and Texas three, Massachusetts, New Jersey and North Carolina two each while Alabama, Arkansas, Connecticut, Maryland, Minnesota, Georgia, New Mexico, Oklahoma, Oregon, South Carolina, Tennessee, Virginia, Washington, West Virginia and Wisconsin would gain one each. No action was taken by the committee on the demand of Representative "Fink" Hanlon, Republican of Massachusetts, for the application of the 14th amendment and reduction of representation of those states in which occur alleged disfranchisement on account of suffrage qualifications, principally literacy tests and poll tax requirements.

The basis of representation is fixed in the committee's bill at one member for each 218,979 inhabitants as compared to 211,873 as at present. Members of the committee were said to have been practically unanimous in support of the bill after an effort to fix the membership at 460 had failed.

COURT REFUSES TO DISMISS INDICTMENTS  
NEW YORK, Jan. 6.—Supreme Court Justice Weeks today denied a motion to dismiss indictments turned in 1918 against William Hamilton Childs, former Governor William Sulzer and former State Senator Newcomb, charging them with failure to make a proper return of money expended in the mayoralty campaign of John Purdy Mitchell in 1917.

The indictment grew out of payment of Ex-Governor Sulzer of \$5,000 for campaign speeches and payment of \$5,500 to Miss Appelbaum, leader of the humanitarian cult which were allowed to have reported to the secretary of state.

CLOSING OUT SALE IN MURRAYVILLE VICINITY  
John Coyne held a closing out sale Thursday at his farm four miles west of Murrayville. There was a fairly good attendance and prices were accounted satisfactory.

Joseph Lawless was the auctioneer and E. T. Doyle the clerk. The Young Ladies' Sodality of St. Bartholomew's church served lunch.

Among other things sold were 1,200 bushels of corn which brought 68c per bushel; 7 tons clover hay sold at 65c per bale, 4 tons timothy at 63c per bale. Oats straw brought 40c per bale. Only a few head of calves were offered and these brought good prices.

Mr. Coyne is to give up farming operations for the present and take a much needed rest.

## TWO FATALITIES OCCUR IN FIRE AT TRAVERSE CITY

### Five Story Structure is totally Destroyed by Flames

#### SEVERAL OVERCOME BY SMOKE

(By The Associated Press)  
TRAVERSE CITY, Mich., Jan. 6.—One woman was killed, another died while being taken to a hospital, several other persons were injured and firemen overcome by smoke in a fire late this afternoon in the William Block, a five story structure which was destroyed with a loss of \$75,000. Miss Leona Way, 22, fell five stories to the pavement while firemen were attempting to rescue her from the roof. Mrs. Patrick Dockery, 74, was overcome by smoke and died on the way to a hospital. M. H. Kistler, 35, was seriously injured when struck by Miss Way's body. Frank Sadler and Fred Covey, firemen, were overcome by smoke. The fire originated from a back fire in the heating plant according to Fire Chief Newman, filling the corridors with smoke and gas which prevented the occupants from locating the fire escape. One hundred and fifty persons were in the building when the fire broke out. Members of the state constabulary, assisting the firemen saved many lives donning gas masks and removing many from the burning building.

## AMERICAN LEGION ASKS PROSECUTION OF WAR DESERTERS

### Commander McCauley Says There Are 16,000 in Illinois

#### STATE HAS COMPLETE RECORD

(By The Associated Press)  
SPRINGFIELD, Ill., Jan. 6.—Demand that the war department immediately start prosecution of 16,000 war deserters in Illinois was made in the name of the ex-service men of the state today by William R. McCauley, state commander of the American Legion.

In a telegram to Col. F. W. Galbraith, Jr., National commander of the Legion, McCauley stated: "Final analysis in Illinois shows 16,000 men deserted service of their country in time of need. The ex-service men of Illinois demand that the war department take immediate action in prosecuting these deserters. We are informed that complete records of Illinois deserters is not accessible in Washington due to a fire. There is a complete record of every Illinois deserter on file in Springfield which can be used in prosecution of these cases."

Technical draft evaders are not included in the list McCauley declared.

## FARMERS MET IN CONFERENCE THURSDAY

### Themes of Large Importance Considered at Lynville Meeting

A township conference under the auspices of the farm bureau was held in the basement of the Christian church at Lynville Thursday in accordance with the arrangement made by County Agent Kendall and the township representatives of the farm bureau, Messrs. Jewberry and Watson. Participating in the meeting were Clyde North, president of the Farmers organization in Scott county, and Mr. Husted, the county agent.

There was quite a large attendance and a great deal of enthusiasm was shown in relation to consideration of agricultural and livestock problems. The general subject considered was the limitation of incomes in its relation to the farms of the township. Special interest was shown in the development of the system of applying limestone and phosphate for soil fertility and interest was also displayed in the proposal to organize a livestock shipping association.

This was one of a series of township meetings for which the officers of the farm bureau had made arrangement.

## CADDOCK WILL TRY TO COME BACK

Omaha, Neb., Jan. 6.—Earl Caddock of Walnut, Iowa, former holder of the heavy weight wrestling championship will try to regain the title January 24, when he meets Ed (Strangler) Lewis, present champion at Madison Square Garden, New York, according to Gene Melledy of Iowa, Caddock's manager, who said he had signed a contract for the match.

## TIDE OF GOLD IS TURNING BACK

New York, Jan. 6.—The tide of gold which flowed to India and China during the war years sending oriental exchange skyward began turning today when a large shipment of bullion arrived here from India. The trust company which received it declined to state the amount and declared the shipment is precursory to a general movement as the United States is now the sole premium market for gold.

## DEPARTMENTS MAY CONFLICT IN CASE OF O'CALLAGHAN

### Department of Labor Paroles Lord Mayor

#### STATE DEPARTMENT IN OPPOSITION

(By The Associated Press)  
WASHINGTON, Jan. 6.—Conflict between the department of state and labor was forecast today over financial decision as to the admission of Daniel J. O'Callaghan, lord mayor of Cork, who was apprehended by immigration authorities upon his arrival at Newport News from Ireland as a stowaway without a passport. Action of Secretary Wilson today in paroling O'Callaghan upon his own recognition, it was indicated had been taken without consultation with the state department. Even should O'Callaghan now be deported, it was held at the state department that before it could be brought about there would be nothing to prevent his coming to Washington and accomplishing his announced mission to the United States of testing before the commission of the committee of one hundred investigating the Irish conditions. May Sustain Appeal  
Secretary of Labor Wilson, it is understood has virtually decided to sustain the appeal of O'Callaghan to the development of labor from the decision of the board of inquiry at Newport News excluding the lord mayor altho no decision will be announced by him until the record has been received from immigration officials at Newport News.

Before taking action on O'Callaghan's appeal, however, it would be the usual custom of the department of labor in the case of an alien arriving in the United States without a passport to defer a decision until it had been ascertained whether the department of state was willing to waive passport restrictions commonly imposed upon the entrance to the United States of aliens.

On account of the friction which is said to have developed between the departments of state and labor over the admissibility of aliens without passports it was understood today that Secretary Wilson probably would sustain the appeal of O'Callaghan without any reference of the case to the department of state.

## LOOKS LIKE CONFLICT

Acting on the impression that the case already had been referred to the state department, Acting Secretary Davis, of that department today took it under advisement and indicated that the policy of the department probably would be against waiving passport restrictions in O'Callaghan's favor.

Secretary Davis said the lord mayor could scarcely be considered a political refugee when a fellow official of the so-called Irish government, Eamonn de Valera, was reported to have returned to Ireland, and he stated further that to waive passport restrictions in the case would serve only to nullify the passport law.

## NAVAL OFFICERS ARE GOING BACK

WASHINGTON, Jan. 6.—Many former naval officers who resigned to obtain higher salaries in civil life are seeking reinstatement in the service. Secretary Daniels said today before the naval legislative committee. He advocated legislation to make such reinstatement difficult for the protection of "loyal officers."

Some committee members agreed with him. "Recently, when a commission of two regular and three retired or reserve officers was to be sent to Peru for two years," the secretary said, "more than 50 per cent of the officers who have left the service in the last year applied for places on the commission."

## PICKLES AND PRETZELS BANNED FOR LUNCH

Harrisburg, Penn., Jan. 6.—Eating of pickles and pretzels as a school recess lunch was banned by public health nurses of the Central part of the State at the first of their conferences today and resolutions were adopted that nurses should urge parents to provide good wholesome, old fashioned bread and butter.

## WANT TO EFFECT PRICE REDUCTION

Chicago, Jan. 6.—Representatives of all building material industries have been invited to meet here January 21 to attempt to effect a general material price reduction with a view of reviving home building. It was announced at a meeting of sixty leading lumber manufacturers in convention today.

## OBSERVE SECOND ANNIVERSARY OF ROOSEVELT'S DEATH

### By Laying Cornerstone of Roosevelt House

#### GENERAL WOOD PLACES STONE

(By The Associated Press)  
NEW YORK, Jan. 6.—The second anniversary of the death of Theodore Roosevelt was observed here today by the laying of the corner stone of the Roosevelt house. This building will be erected on the site of the Roosevelt homestead, 28 East 20 Street, the former president's birthplace, by the woman's Roosevelt memorial association.

Movement is sponsored by the association for the purpose of perpetuating Theodore Roosevelt's memory and as an incentive for American youth to inculcate the ideals of good citizenship. In the presence of Mrs. Theodore Roosevelt, widow of the former president, Theodore Roosevelt his son and Mrs. Douglas Robinson sister, Major General Leonard Wood, placed the cornerstone in position. In addition to the members of the Roosevelt family many foreign notables were present. Prior to the laying of the cornerstone many telegrams were read from this and other countries. Coincident with the laying of the cornerstone in New York friends of the former president made a pilgrimage to his grave at Oyster Bay. After placing wreaths on the tomb they formed an organization to be known as the Roosevelt Pilgrimage which will visit the graves on the anniversary of his death every year.

## UTILITY INCREASES GRANTED THIS CITY

### Rates Raised For Various Companies in Illinois Traction System — Heaviest Increase in Jacksonville Applies to Gas.

Springfield, Ill., Jan. 6.—Rate increases to all the subsidiary companies of the Illinois Traction System applying for increases, have been granted by the state public utilities commission. It was announced this morning, but the rate schedules for all but Danville, Decatur and Jacksonville companies are being held for publication for corrections. It is understood that the rate for gas in Jacksonville was advanced from \$1.35 to \$1.65 for the first 5,000 feet and from \$1.25 to \$1.50 per 1,000 for larger amounts. The increase for electric service is approximately 10 per cent. The rate for street car service is set at \$4.50 an hour and \$3 an hour for a trailer.

The Decatur Railway and Light Company was granted the increased electric rate applied for, and also some increase in gas rates. Street car fares authorized for Decatur are six cents each fare, and nine tickets for fifty cents.

Electric rates of the Danville Street Railway and Light Company as applied for were granted, except the "surcharge in power factor." The company's gas schedule was authorized without change. Amounts of the increase in both Danville and Decatur cases were not announced in figures.

## BOUDOIR FOR WOMEN OFFICERS

BOSTON, Jan. 6.—A boudoir at police headquarters, a suite of rooms finished in pearl gray and gold with expensive mirrors, soft lounges and easy chairs, was begun today. This restful spot in the grim block of buildings that constitutes the police administration center in Pemberton Square is the department's preparation for the advent of women to its ranks. Police women were authorized recently and examinations have been held and it is expected to have the boudoir ready by the time appointments are announced.

## CLOSES POSTAL COOPERATIVE STORE

Washington, Jan. 6.—The post-office department announced today closing of postal employees "falling prices." It was established during the war. The enterprise was a success because of business-like management "characteristic of all postal management" the said all obligations having been met, employees who contributed to the initial organization fee paid and a small profit remaining.

## THEY ARE GETTING THE HABIT IN PANAMA

Washington, Jan. 6.—Governor Harding of the Panama Canal zone asked the house judiciary committee today to recommend a general divorce law which would help clear up the troubles of the people residing in the canal zone. There is no divorce law applying to the zone, he said, but legal separations were granted and permitted.

## RETURNS FROM SPRINGFIELD

Mrs. E. W. Bland has returned from Springfield, where she went to attend the funeral of the late Mrs. Charles L. Draper.

## COAL CONTRACTS OF WAR DEPARTMENT DISCUSSED BY WENTZ

### Department Paid \$7 Per Ton While Bureau of Mines Purchased for \$4.70—Wentz Got \$31,000 for Buying 70,000 Tons at \$7. Per Ton—Some Coal Cost \$9.25 Per Ton

(By The Associated Press)  
WASHINGTON, Jan. 6.—The senate committee inquiring into the high cost of coal last year was informed at a resumption of its hearings today while the bureau of mines was buying coal at \$4.70 a ton, thru an arrangement with the National Coal Association which required no fees, the war department was buying coal at over \$7 a ton thru Col. D. B. Wentz, president of the association on a commission basis.

The statement concerning the arrangement of the bureau of mines was made by Chairman Underhill of New York when Colonel Wentz was testifying as to his services for the war department during the shortage of last summer and early fall. The latter said he had purchased and delivered to the department 70,000 tons of coal at slightly above \$7 a ton for which he had received commissions aggregating \$31,000. His contract, he added, would have allowed him to purchase 275,000 tons and earn additional commissions of \$101,000 but he had refused to do so because of the falling market.

## CALVIN COOLIDGE BECOMES PRIVATE CITIZEN AGAIN

### Retires as Governor of Massachusetts Thursday

#### NO POMP MARKS RETIREMENT

(By The Associated Press)  
BOSTON, Jan. 6.—Calvin Coolidge was a plain citizen tonight first time in years. As such he went to the family fire side at Northampton for a husband's and father's rest from the affairs of state before going to the national capital in March, as vice-president.

The transition from governor to ordinary citizen was accomplished simply in an informal proceeding the retiring governor turned his office over to Channing H. Cox, his successor. Then he took his hat and without official escort left by a side door while in the main entry the inaugural procession of Governor Cox began to form. Citizen Coolidge found a group of friends awaiting him below and with them he walked out of the state house while the band blared a ball to the new chief.

A few friends in town with a few friends the vice-president-elect set out for home. At the station he had to edge the way for Mrs. Coolidge thru a crowd and then seek a seat. The retiring governor and his wife went to Northampton as the ordinary citizen that the day's events made him, riding in a day coach, the man reading a newspaper and the woman knitting something that looked like a sock in first stages.

## FAVORITE LODGE CONFERRED RANK

### Three Are Made Knights at Regular Session Thursday Evening — Big Class Next Thursday — Joint Installation Thursday Night

Favorite Lodge No. 376 Knights of Pythias conferred the rank of Knight on Earl Norman George W. Adams and Fred Lynn at the regular convention of the lodge Thursday evening.

There was a large attendance of members and much interest was shown in the work and the business meeting. Twenty applications were voted upon and six new applications received and referred to committees.

On next Thursday night a class of twenty five will be given the rank of Page and the lodge is anticipating a big night. The work will be given by a specially picked team from the lodge.

Plans also were discussed for the annual roll call of the lodge. This will be held January 27. A committee was appointed to make the necessary arrangements.

Next Tuesday evening Jacksonville Lodge No. 152 and Favorite will join in installation ceremonies when the recently elected officers will be inducted into office. The installation work will be in charge of L. B. Turner, deputy Grand Chancellor. Albert J. Hall of Waverly was a visitor at the meeting Thursday.

## ANOTHER DAKOTA STATE BANK CLOSES

Bismarck, N. D., Jan. 6.—The first state bank of Crystal Springs with a capital stock of \$10,000, closed its doors today. O. E. Loftus, state bank examiner, announced this afternoon. He said shortages and irregularities were reported to have been the cause of the bank's closing. The total number of banks in the state recently closed now is 28. Mr. Loftus said.

## SEARCH BEING MADE FOR \$5,000 VASE

NEW YORK, Jan. 6.—International search is being made for a \$5,000 vase said to be the largest of its kind in the world, which was presented to James A. Flaherty, of Philadelphia, supreme knight of the Knights of Columbus, by resident Millerand of France at a farewell banquet tendered the K. of C. La Fayette pilgrimage at the Hotel D'Orsay Palace in Paris last September. K. of C. headquarters here said that altho the vase was known to have been shipped, however, there was no record of its delivery to the French Line Steamship La Fayette on which it was to have been brought to this country.

## CALIFORNIA HONORS THEODORE ROOSEVELT

Sacramento, Cal., Jan. 6.—The memory of Theodore Roosevelt was honored by the assembly of the legislature today when that body stood silently for a moment and then heard a prayer by the chaplain extolling the former president. In calling the assembly to order Speaker Wright recalled that Mr. Roosevelt had died two years ago today and after a brief tribute suggested the silent moment that that followed.

The University of Illinois is to send several bands and a thousand students to take part in the inauguration ceremonies at Springfield next Monday. Possibly this is not a case of wholly disinterested enthusiasm. The general assembly of course is to be asked later on for a considerable increase in its appropriation for the state university.

Decatur carpenters are asking for a continuation of last year's scale of \$1 an hour. It is not surprising that the contractors in that city wish for at least some slight scaling of the wages in order to give encouragement to prospective builders. Without lowered costs, the contractors say that very little building in 1921 is likely.

Mr. Gompers and Mr. Morrison are quite vehement in their denunciation of the supreme court for its recent finding in the secondary boycott case. Their finding was not unanimous. But the information thus far given out indicates an agreement on the principle involved and a difference only as related to the merits of the particular case which was under consideration. At any rate Mr. Gompers and Mr. Morrison's views are quite probably the result of their intense partisanship.

A newspaper headline says that Nebraska farmers have agreed to buy no stocks this year. The first thought was that the western men were seeking by this curtailment to increase the value of present livestock holdings. But the fact seems to be that the westerners are merely swearing off for a year in the buying of stocks of unknown worth. The surprising figures are presented of the farmers in that state buying \$90,000,000 worth of valueless securities in the last few years.

The depressed market condition of stocks, it is said, have caused a shrinkage of \$115,000 the past year in the value of the holdings of John D. Rockefeller. If these figures can be proven they ought to help the oil magnate considerably when he approaches the painful task of figuring out the income tax.

The facts brought out by the senatorial committee investigating the coal industry in its relation to government certainly gives further proof that some sort of law is greatly needed for the regulation of the coal industry. Perhaps government control is not the remedy, but certainly the owners of coal properties should not be permitted to year after year exploit the American people for their own profit.

There are still about 170,000 names on the list of men counted as slackers in relation to the selective service act. It is not surprising that many ex-servicemen are impatient because the attorney general's department of the U. S. has moved so slowly in the matter of prosecution. However, there are some good arguments against the proposed publication of the names.

"During the European war American manufacturers, particularly of war materials, made extensive sales to the Allies. These sales were made at wartime prices and largely on credit. The credits were carried largely by the bankers—bankers of the class usually designated as international bankers. These international bankers are finding difficulty in collecting money due them because the balance of trade has been running so heavily against European countries. The debtor wishes to defer payment until the rate of exchange can be brought to a more normal ratio, and this can be accomplished only by an adjustment of foreign trade more favorable to European countries. Larger exports to America and smaller imports from America are desired by European countries in order that they may pay their debts with goods rather than with money.

"American protectionists have no war to make upon the international banker who has financed sales to European countries. It is desired that he shall collect every dollar that is due him. But on the other hand, the American people will strenuously oppose the continuance of an economic situation which permits a foreigner to market his products in the United States at prices which are ruinous to the American competing producer. While the international banker is solicitous for the welfare of the foreign producer, the American banker, who has financed American industries, is also anxious that nothing shall be done that will bring ruin to American factories and consequent unemployment to American labor."

It seems a ghastly pity that all the girls and boys are thronging to the city, grown tired of village joys. The city bids them enter, gives them the cordial hand; and down in old Hay Center the empty buildings stand. "Aw, chee," the kids are saying, "the old town is a frost; we'll go where hands are playing, regardless of the cost." The country town is shrinking, it's known a dismal slump, with only gray-beards drinking around the village pump. The sad-eyed merchant princes gaze down the dusty street, and, brushing shifty worn quinces, invoke the name of Pete. The young folks all are leaving, they go on every train, to search for joys deceiving, and pleasures all in vain. Adventure is the mentor that counsels them to go; and down in old Hay Center the life is pretty slow. Hay Center's ways are quiet, she's calm, without, within; she has no midnight riot, or garish brands of sin. Her people all are sleeping when village clocks strike ten, and no cheap sports are keeping high wassail in a den. They go to church on Sunday to hear the pastor shout and all the dames on Monday still hang the washing out. Hay Center has no pink uns to chronicle life's game; but from such towns our Lincoln and other great men came. It's sad to see her dying, abandoned, dusty, gray; but all the kids are sighing to tread the Great White Way.

Woman's Club meeting Saturday promptly at 2:30 at Odd Fellows Hall East State street. Mrs. George Gellhorn will give an address on "Our New Citizenship." Miss Louise Miller will sing a group of songs.

ALEXANDER W. F. M. S. MEETS THURSDAY

Regular Meeting Held at Home of Mrs. Bert Davenport—Other Items of Interest From Alexander.

Alexander, Jan. 6.—The January meeting of the Woman's Foreign Missionary society of the M. E. church was held Thursday afternoon at the home of Mrs. Bert Davenport. The assistant hostess was Mrs. Hallie Gray and the latter was also the leader in the afternoon's program. The devotional topic was "The Motive of the Missionary Christ," and the theme of the regular program was "Putting the Gospel in India." The mystery box was conducted by Mrs. Frances Beerup.

At the business session it was voted to join the county federation of clubs. The afternoon concluded with a social hour and refreshments.

The next meeting of the society will be held on Thursday, Feb. 3, with Mrs. Martha Miller.

News Notes.

Mrs. Ernest Strawn and Mrs. Henry Strawn of Jacksonville were calling on friends in Alexander Thursday.

LARGER ATTENDANCE AT REVIVAL SERVICE

Northminster Church Meeting Thursday Night Largely Attended—Dr. Spoon's Heard in Powerful Sermon—Children's Choir to Meet Today.

The largest attendance of any in the series of meetings thus far was that at the Northminster church Thursday night. A chorus of fifty mixed voices under the direction of Mr. Seniff led in the song service preceding the sermon. Mr. Seniff sang as a solo, "The Land of the Unsetting Sun."

It was announced that tonight Mr. Seniff will sing, "The Holy City" with pipe organ accompaniment. This is one of his best solo numbers and it is hoped there will be a large audience present to hear him. The sermon tonight will be by Rev. Mr. Spoon, upon the theme, "The Third Degree of Religion." A special invitation is extended to lodge and club members to attend.

The children's choir met Thursday afternoon for practice, a large number being present. Saturday night the services will be turned over to this chorus.

Rev. Mr. Spoon's theme last night was "Girls Meaner Than Boys," his text being chosen from Isaiah 28:15 and 17. He said, "I desire a real girl but not a made up one. Did you ever hear of a furniture dealer veneering quartersawed oak? It doesn't need it. So, girls, don't be humbugs. And don't have the opinion that you can gain the regard of young men by going to extremes in dress and manner. The young men who are worth calling friends are not attracted by such superficial things."

"We cannot go contrary to God's teaching without a sense of guilt. Sin always wants to hide away from the light of day. A great many people never feel the need of God until they come to die, then perhaps it is too late. I remember a city in Texas, one of the most ungodly places on the map. One day a cyclone came along and swept most of it away. When the people got together to rebuild their city the first thing they did was to build a place of worship. It took a cyclone to awaken them to the need of God."

MISS MEHUS TO GIVE RECITAL

Miss Belle Mehus of the College of Music will give the next recital in the series of faculty musicales being given at the Woman's college, Monday night, Jan. 10.

Miss Mehus has already appeared before Jacksonville audiences as an accompanist of ability, and music lovers in the city will be pleased to hear she is to appear in recital. Miss Mehus is a graduate of the Dakota Conservatory of Music and of the American Conservatory of Music in Chicago, where she took the course in public school music as well as in piano work. She was also the pupil of several noted Chicago pianists and has come to this city with the reputation of a pianist of ability.

Miss Mehus' program will be: Capriccio (Scriabin-Tausig). Fugue in C Major (Bach). Sonata Op. 78 (Beethoven). Allegro ma non troppo. Romance in F Sharp Major; The Prophet Bird Op. 82; Hunting Song, Op. 82; Nachtstück, Op. 23 (Schumann). "Sad and Blue" (Rubinstein). Impromptu (A Mountain Brook) (Cyril Scott). Hungarian Rhapsodie No. 6 (Liszt).

HIGH SCHOOL WILL PLAY ALTON TONIGHT

Teams Will Clash in David Prince Gym—Coach Harmon Will Teller—Play Will start at 8.

Jacksonville high's five will clash with the Alton high team in David Prince gymnasium this evening at 8 o'clock. Coach Harmon will referee.

The locals were unable to practice during the Christmas vacation because of the heat being turned off. However, Coach Mitchell has been putting the boys thru their paces the past week and they will be in good shape for this evening.

Not much is known of Alton's strength this year. Last year the school had one of the fastest teams in the state, their only defeat being at the hands of Peoria Central. However, two of their strongest men graduated last spring and are now attending Shurtleff college and will be seen in action against Illinois College some time during the season.

Mitchell expects to start Wood and Alexander at forwards, Hunter at center and Gard and Arter at guards. He will have a good string of substitutes on hand and may make several shifts during the evening.

CLUBS

Trades and Labor Assembly Euchre Party.

The Trades and Labor Assembly gave a euchre party Wednesday night at the Woodman hall Thursday night. There was a fair attendance. Mrs. Walter Quinlan won first ladies prize a fern, and Abe Wood won first gentleman's prize a sack of flour. Following the play refreshments were served and then the company spent the remainder of the evening in dancing. The following committee was in charge of arrangements: L. W. Eaton, Walter Quinlan, Charles Hess, Mrs. Roy Conkle and Mrs. Sam Armstrong.

WITH THE SICK

L. F. Berger of Mercedosa, was taken ill Thursday and entered Passavant hospital for treatment. It is thought an operation may be necessary, but J. G. Berger stated late Thursday night that his physician hoped it might not be necessary.

Dr. F. C. Noyes has been confined to his home by illness for several days, but is now able to be at his office in the Ayers National Bank building.

Deaths

Flowers

John W. Flowers a former resident of this city died at his home in Springfield Wednesday night. The remains will arrive here over the Wabash at 9:45 o'clock this morning and will be taken to Gillham's funeral home and funeral services will be held from there at 3 o'clock this afternoon. Dr. Myron L. Pontius pastor of Central Christian church will be in charge. Burial will be in Jacksonville cemetery.

ARE PLANNING

C. E. ORAGNIZATION

A number of students of Illinois College and members of Westminster church enjoyed a social good time at the home of Dr. Thomas Smith Thursday evening. The young folks are contemplating organizing a Christian Endeavor and appointed a committee to plan for this organization.

BRIDE AND GROOM RETURN

Mr. and Mrs. Edward Tomlinson, whose marriage occurred New Year's day, returned last evening from a brief wedding trip to Chicago. They are to be home to their friends at 131 Webster avenue.

DID'NT RELISH TWO YEARS INVESTIGATION

"I have delayed writing to see if my relief was permanent; can say that I am feeling fine. Three doctors told me I had ulcers of the stomach and no medicine would help me, but your Mayr's Wonderful Remedy has done so. I am now a well man again after two years of starvation and suffering." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. —For sale at all druggists.—Adv.

DON'T NEGLECT COLDS RELIEVE WITH TURPO

The first sneeze is nature's signal that you are catching cold. Don't neglect it, for neglect has many slight colds develop into grippe, influenza or even pneumonia. The time to stop a cold is right at the beginning. The way to treat it is to apply Turpo, the Turpentine Ointment, which fights the cold right at the very root of the trouble, and stops its development.

Turpo is a clear, pleasant smelling ointment or salve made of distilled Turpentine, Camphor and Menthol, scientifically combined to get the best results of these well known and reliable remedies. It does not stain even the finest fabric. It has proven so successful that over 1,500,000 jars are sold annually. Turpo gives quicker relief than any indefinite "vapor" treatment.

Your doctor will confirm that Turpo is a valuable home remedy. Your druggist will sell it to you on trial. Money back if not satisfactory.

Sold in white opal jars with the orange and black label, at 30c and 60c.

Neal Hart in "SKYFIRE"

Boy! Please page the movie fan who wants to see something great. Aurora Borealis. What is the Aurora Borealis? Quick! The answer. Make it snappy. What causes that glimmering, shimmering, mysterious glow in the northern skies? And when did you happen to see it last? If you thought you'd have a chance to observe the Northern Lights tonight, would you wait up and keep your eyes open? There you are. The Neal Hart picture, "Skyfire," shows the Aurora Borealis as it was never shown before. You'll talk Aurora Borealis after seeing "Skyfire." The beautiful part about it is that, no kidding, the picture is a darb, a knockout, a riot and a ketchum-big-applause that you'll come back to see it the second time.

## COULD NOT WEAR SHOES AT TIMES

**Coulson Says Feet Were Dreadfully Swollen With Rheumatism — Tanlac Ends Troubles.**

"Not in years have I enjoyed such good health or felt so well as I do since taking Tanlac," recently said Frank E. Coulson, well known commissioner of highways residing at 3120 Maywood Ave., Peoria, Ill.

"For nearly twelve years I suffered from stomach trouble, rheumatism and disordered kidneys, and finally got so bad off I could hardly go. I had to live on a special diet, and even then after eating my food fermented and bloated me until I nearly choked, and I could hardly endure the pains in the pit of my stomach, and I seemed to get no strength from my food.

"I had rheumatic pains all thru my body which at times were so bad I could hardly get out of bed. My feet and legs were in such a bad fix I suffered agony at every step, and often my feet swelled so I couldn't wear my shoes. My kidneys also bothered me, and I couldn't stoop over without suffering torture. The pains were so bad I couldn't sleep and I seemed to get worse every day.

"Well, my wife had been reading about Tanlac, so she kept on after me until finally I bought a bottle, and it surely was surprising the way I began to improve. I have now taken ten bottles and my appetite is so good I am eating like a wood chopper, and I eat anything I want without suffering afterward. The rheumatic pains are gone and nights I sleep like a child and wake up every morning refreshed and full of energy. In fact, I am in perfect condition and am working every day, but am never too busy to tell about Tanlac."

"Tanlac is sold in Jacksonville by Coover Drug Co., and Wyle Drug Co., Waverly and Franklin and leading drug store in all cities.—Adv.

## TO STUDY LIVESTOCK MARKETING PROBLEMS

**President of Farm Bureau Federation Names Representative Committee for Important Work.**

Announcement was made recently of the appointment by President Howard of the American farm bureau federation of the farmers livestock marketing committee. This committee has been named to study the livestock marketing problem in an exhaustive way and to present a report to the farm bureau federation of what is in the committee's opinion, the best plan for the farm organization to follow in this big marketing question. The committee's report is to be made first to the various organizations of the federation and later a conference will be held at the call of the president of the farm bureau federation.

In choosing the committee, it was the effort to have the various interests involved in the extensive livestock industry represented. The names of the committee have already been made public, but the following story gives some facts about the identity of each member.

President Howard also appointed alternates in order to make certain that committee membership will be filled. The names of alternates also appear below:

**J. M. ANDERSON**, St. Paul, Minnesota. Mr. Anderson is president of the Equine Cooperative Exchange in St. Paul. He is a member of the Farmers' Grain Marketing Committee of Seven-teen. He has had experience with the Equine's successful cooperative commission houses in St. Paul and Chicago.

**HARRY G. BEALE**, Mount Sterling, Ohio. Mr. Beale is treasurer of the Ohio Farm Bureau Federation and chairman of its marketing committee. He is an extensive farmer and a feeder of cattle and hogs in Madison County, Ohio. He is a member of the mid-west farm bureau's committee which recently visited California to investigate cooperative marketing.

**W. J. CARMICHAEL**, Chicago, Illinois. Mr. Carmichael is Secretary of the National Swine Growers' Association, 37 West

Van Buren street, Chicago, and in that capacity is manager of the National Swine Show. He was reared on a farm in northern Illinois. For some years he was in charge of swine investigations at the Illinois Experiment Station, Urbana.

**W. A. COCHEL**, Kansas City, Missouri. Mr. Cochel is representative of the American Short-horn Breeders' Association for the southwest territory and is thoroughly familiar with live stock problems in all sections of the country. He has been a professor of animal husbandry in charge of experimental work at Purdue University, Lafayette, Ind., at Pennsylvania State College and at Kansas State Agricultural College. Mr. Cochel owns and operates a farm near Manhattan, Kans.

**C. E. COLLINS**, Kit Carson, Colorado. Mr. Collins is president of the Farmers' Union in Colorado. In the recent campaign he was candidate for governor of his state with the endorsement of various farmer organizations. He represents an important phase of the western live stock industry.

**E. H. CUNNINGHAM**, Ames, Iowa. Mr. Cunningham is Secretary of the Iowa Farm Bureau Federation and was chairman of the resolutions committee at the recent annual convention of the American Farm Bureau Federation in Indianapolis. As speaker of the house in the Iowa Legislature, he made an enviable reputation as a champion of progressive legislation, especially with reference to agricultural cooperation. His farm is at Cresco, Iowa, where he is a large feeder of cattle and hogs.

**HOWARD M. GORE**, Clarksburg, West Virginia. Mr. Gore represents eastern and southern live stock interests. For twenty years he has been a leader in the grass cattle country. He is a graduate of the University of West Virginia and has been president of the state live stock association and state Hereford breeders' association, a member of the Board of Education which directs the College of Agriculture, and a director of the American Farm Bureau Federation. He is a breeder of Hereford, Aberdeen Angus and Short horn cattle and has exhibited at the International Live Stock Exposition in Chicago. He controls about 3,000 acres and each year markets about 1,500 head of heavy grass cattle. By personal contact, he has a first hand knowledge of the marketing situation at the eastern centers, as well as at western feeder markets.

**H. GUSTAFSON**, Lincoln, Nebraska. Mr. Gustafson is chairman of the Farmers' Grain Marketing Committee of Seventeen. He is a national figure in the work of the Farmers' Educational and Cooperative Union, being president of the Nebraska organization. He is also president of the Farmers' Union Live Stock Company at Omaha, the largest cooperative live stock marketing house in the United States.

**S. P. HOUSTON**, Malta Bend, Missouri. Mr. Houston is one of Missouri's largest and most progressive cattle feeders. He is president of the Missouri Live Stock Producers Association. During the war he rendered particularly effective service to the Food Administration.

**J. B. KENDRICK**, Sheridan, Wyoming. Mr. Kendrick is United States Senator from Wyoming, elected in 1917 while governor of the state. He is president of the American National Live Stock Association and is a co-author of the Kenyon-Kendrick Bill. He has been one of the largest ranchers in the west since 1885.

**W. A. MCKERROW**, St. Paul, Minnesota. Mr. McKerrow is the state leader of live stock extension for the University of Minnesota, University Farm, St. Paul, Minnesota. In this capacity

city he has made an enviable record as an organizer of farmers' cooperative live stock shipping associations. Mr. McKerrow may also be regarded as a representative of Wisconsin's purebred interests. He is a member of the firm of George McKerrow & Co., Pewaukee, Wis., breeders and importers of Guernsey cattle and Oxford and Shropshire sheep.

**H. W. MUMFORD**, Chicago. Mr. Mumford is head of the Live Stock Marketing Department of the Illinois Agricultural Association, where his work has commanded nationwide attention. He is also head of the Department of Animal Husbandry of the university of Illinois, Urbana. Mr. Mumford has a national reputation as a breeder of Duroc-Jersey swine and Jersey cattle. He personally supervises his farms at Ann Arbor, Mich., and Bath, Ill.

**J. H. SKINNER**, Lafayette, Indiana. Mr. Skinner is Dean of the School of Agriculture of Purdue University and head of the department of Animal Husbandry. In that capacity, he has shown no less Live Stock Exposition. Dean Skinner has the endorsement of Indiana's live stock men and of various national purebred associations.

**A. SYKES**, Ida Grove, Iowa. Mr. Sykes is president of the Cornbelt Meat Producers' Association. He is an extensive feeder and has long been interested in organized efforts to secure better live stock marketing conditions.

**O. O. WOLFE**, Ottawa, Kansas. Dr. Wolfe has the endorsement of the Kansas State Farm Bureau. He is a member of the executive board of the Kansas State Farm Bureau, the Kansas Live Stock Association and the Kansas State Board of Agriculture. He is also president of the Kansas Agricultural Council, and in the state legislature, to which he has been elected a senator for the third time without opposition, he is regarded as one of agriculture's strongest friends.

Alternates were named as follows:

**John G. Brown**, Monon, Ind.

**James Clemmons**, Kansasville, Wis.

**A. B. Cook**, Townsend, Montana.

**W. S. Corsa**, White Hall, Illinois.

**John M. Eyward**, Ames, Iowa.

**C. H. Hyde**, Alva, Okla.

**E. C. Lasater**, Fairbairns, Texas.

**William H. Pew**, Ravenna, Ohio.

**James E. Poole**, Chicago.

**DR. G. N. LUCAS JOINS INSTITUTION FORCE**

Dr. George N. Lucas, who for years has been one of the leading physicians of Scott county has become a member of the medical staff of the Jacksonville State hospital. He leaves a large practice at his home town, Manchester, to enter the new field of work.

Dr. Lucas is well fitted for the work which he has undertaken at the institution here, having specialized on nervous disorders. He is well acquainted with vocational therapy, which is one of the most important phases of work with the insane patients.

During his practice in Scott county Dr. Lucas came to be well known in Jacksonville, and his friends wish him success in his new line of work.

## BIG AUDIENCE IS PROMISED TONIGHT

**Coming of Guy Bates Post Is Occasion of Great Public Interest.**

Guy Bates Post who comes to the Grand tonight in "The Masquerader" will have a capacity house. A few good seats were left yesterday but they are in strong demand.

Mr. Post has not decided what he will do when he finishes with "The Masquerader" which he is supposed to do after another year.

The success of this dramatization of the novel of Katherine Cecil Thurston has been phenomenal. Naturally the superior technique of Mr. Richard Walton Tully, has been a great factor. Mr. Tully is a producer of experience, with exceptional sense of feeling the pulse of the people, and he likely has well in hand the ideas for the play designed for Mr. Post, which probably will be written by himself, either based on some "best seller" or original ideas.

## CITY WILL BUY ELECTRIC FIRE ALARM

Fire Chief Sam Hunt has been deputized by the city council to arrange for an electric siren to replace the fire whistle which is useless since the work of dismantling the city light plant commenced.

Chief Hunt has written to several firms manufacturing such fire alarms and it is likely that demonstrations will be given here next week during the sessions of the firemen's convention.

# Good Faith

We like people whom we can trust. We are more apt to do business with people whom we know are kindly and trustworthy than with strangers. Sometimes, however, we meet strangers who are very worthy and, after we know them, we trust them and get a great deal of pleasure from their association. A firm is like an individual. We go to a new shop with a good deal of misgiving. If the shop makes good we go back again and again. This is a secret of the success of our policy of always keeping our customers. We give you what you wish, practically in every instance on your own terms, and we deal with you in a personal way that appeals to honest, thrifty people. In addition to this we carry for you only the best. The Peoples is setting a standard in this city.

### Announcement of Dunlap, Russel & Co.

We desire to inform our customers that arrangements have been made whereby the Ayers National Bank of this City will take over our Banking Business and assume the liability for the payment of the deposits.

All of the officers and members of the clerical force will have positions in the Ayers National Bank thus affording our customers the opportunity to continue their business relations with the same persons as heretofore.

You may continue to use checks on Dunlap, Russel & Co., or you may use checks on the Ayers National Bank—either will be honored upon presentation at the latter Bank. When it is convenient, bring your pass-book to the Ayers National Bank and you will be furnished with a new book and Ayers National checks.

The part of our business pertaining to Investment Securities we will retain, and the same will be carried on at our present location, with Mr. L. P. Hauck in charge as Cashier.

Very truly yours,  
DUNLAP, RUSSEL & CO.

### Announcement of the Directors of the Ayers National Bank

The Ayers National Bank has taken over the Banking Business of Dunlap, Russel & Co., and assumed the liability for its deposits. Pass-books, Savings-books and Certificates of Deposit issued by Dunlap, Russel & Co. will be honored by the Ayers National Bank now or at any time in the future, whenever they may be presented.

Customers having funds to their credit in the bank of Dunlap, Russel & Co., may continue to use Dunlap, Russel & Co. checks, or checks on this Bank, even though their accounts have not been transferred to our books. We suggest, however, that you bring in your pass-book when it is convenient and let us write it up and make the transfer for you.

It is generally known that M. F. Dunlap and Andrew Russel, President and Vice President of the Ayers National Bank, were the owners of the Bank of Dunlap, Russel & Co. and the change that is being made is not in any sense a change in management, but simply a change in location. All of the Officers and clerical force of Dunlap, Russel & Co. are to become a part of the office force of this Bank, thus enabling the customers to transact their business with the same persons who have heretofore served them.

With the assurance that it will be our endeavor to maintain the same cordial relations that have heretofore existed between Dunlap, Russel & Co. and their customers, we are,

Yours very truly

### MERCHANTS ASK HOW TO COUNT INVENTORY

Revenue Department Issues Ruling for Guidance in Figuring Income Tax.

One of the questions most frequently asked by merchants with reference to income tax calculations is as to the valuation to be placed upon inventories. It seems from a treasury department ruling just made public by District Collector Pickering that an inventory can show the value of a stock either at cost or at the market price, whichever is the lower. The rules, however, law down certain provisions which must be observed in connection with inventory figures. The department circular on this subject is as follows:

**Valuation of Inventories.**  
In accordance with T. D. No. 3108, dated December 30, 1920, a taxpayer may, regardless of his past practice, adopt the basis of "cost or market whichever is lower" for his 1920 inventory provided a disclosure of the fact and that it represents a change are made in the return.

T. D. No. 3180 reads as follows: "Inventories must be valued at (a) cost or (b) cost or market, as defined in Art. 1584 as amended, whichever is lower. (See Article 1585 for inventories by dealers in securities). Which-ever basis is adopted must be applied consistently to the entire inventory. A taxpayer may, regardless of his past practice, adopt the basis of "cost or market whichever is lower" for his 1920 inventory, provided a disclosure of the fact and that it represents a change are made in the return. Thereafter changes can be made only after permission is secured from the Commissioner. Inventories should be recorded in a legible manner properly computed and summarized and should be preserved as a part of the accounting records of the taxpayer. Goods taken in the inventory which have been so intermingled that they can not be identified with specific invoices will be deemed to be the goods most recently purchased."

Article 1584, Regulations 45, as amended by T. D. No. 3109 reads in part as follows: "Under ordinary circumstances, 'market' means the current bid price prevailing at the date of the inventory for the particular merchandise in the volume in which ordinarily purchased by the taxpayer. This method of valuation is applicable in the cases (a) of goods purchased and on hand, (b) of basic elements of cost (materials, labor and burden) in goods in process of manufacture, and (c) of finished goods on hand; exclusive, however, of goods on hand or in process of manufacture, for delivery upon firm sales contracts at fixed prices entered into before the date of the inventory, which goods must be inventoried at cost."

Requirements as stated should be carefully observed if a change of basis for taking inventory is adopted.

LET NATURE  
PAINT THE FACE

Stuart's Calcium Wafers Clear the Skin of Pimples and Such Blemishes and Your Beauty is Natural.  
Nature's rouge is the clear, red blood which forms that wonderful peach bloom in the cheeks.

And you get this by the influence of Calcium in the blood. It is a refining influence. Calcium is the principal agency of Stuart's Calcium Wafers and exerts a peculiar stimulus to skin repair. Pimples, blackheads and other such localized skin sluggishness are replaced with new material and soon the skin renews itself with firmer, healthier tissue. This makes the beautiful complexion so much admired. No use to hide pimples with cold cream and lotions. They come from within and keep coming until such an influence as calcium is employed. Let nature paint your face through the influence of Stuart's Calcium Wafers which you can obtain in any drug store at 30 cents a box. Adv.

### ANDELL FUNERAL AT WINCHESTER TODAY

Remains of Mrs. Edward Andell to Be Interred This Afternoon—Dr. Straight's Condition Somewhat Improved—Other Winchester News Items.

Winchester, Jan. 6.—Funeral services for the late Mrs. Edward Andell will be held at two o'clock Friday afternoon at the Christian church, in charge of Rev. Mr. Elmore. Interment will be made in Winchester cemetery. Miss Henrietta Lohenberg of New Orleans is a guest at the home of Miss Madeline Hains-further.

Mr. and Mrs. George Siegle of Jacksonville are visiting at the home of Dr. and Mrs. George Straight. Dr. Straight's condition is somewhat improved the last few days, altho he is still ill. He has been a sufferer from inflammatory rheumatism for the past several weeks.

R. O. McPhears and J. D. Suter of East St. Louis were recent guests at the home of Luther Hornbeck.

Mr. and Mrs. Claude Frederick and daughter returned Thursday afternoon from a visit with relatives in Decatur.

Miss Jen Richardson arrived Thursday from Chicago for a visit here before returning to her home in the west.

There has been a large fruit cake on display in the Scheerer bakery on the north side of the square for the past several days. Everyone was allowed the privilege of a guess as to the number of pounds the cake weighed. Miss Ethel McClure and Master Ernest Hart were the successful guessers and the cake was divided between them. Their guess was 11 pounds and the cake weighed just 10 pounds and 4 ounces.

### GREAT INTEREST AT NORTHMINSTER

Young People Have Chorus—Being Drilled By J. Wade Seniff.

Thursday afternoon about six hundred children met at Northminster church to take part in the singing by the "Do Right" chorus, which is being organized under the leadership of Singer Evangelist Mr. J. Wade Seniff. The young people range in age from six to sixteen years, and these meetings are being held three times a week, Tuesdays and Thursdays in the afternoon, and Saturdays in the evening.

Yesterday afternoon there was an illustrated lesson and the children were shown how to make "quick" candy. The lesson was materially successful because each child received a piece of candy as it started for home.

Tuesday afternoon there were 573 young people at the meeting and yesterday the number was increased to 675. The leaders are very much pleased by the great enthusiasm which is being shown by the young people, and they fully expect a chorus of five hundred children to help with the singing at the revival meeting Saturday night.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting this evening at seven o'clock. W. O. R. K. Visiting brethren welcome. W. A. Crawley, W. M. John R. Phillips Secy.

## PUBLIC SALES

LAST YEAR—Any one could "cry a sale;" it was no effort to sell anything a person might wish to dispose of—

THIS YEAR—It's different, that's all; people are not buying as readily; they must be convinced by sound argument that an article offered possesses intrinsic value "worth the money."

YOUR SALE—To succeed must be "cried" by an experienced salesman, one who knows values, one who can present those values to the crowd in a convincing and assuring manner, one who knows sale crowds—

I QUALIFY—By reason of training, experience, and past record. I have many sales booked. See me at once for open dates.

## IDEAL Hog Waterer

Saves 25%  
on Feed For  
Hogs

Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature.

Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

### See This Waterer NOW!

It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished.  
• Hogs and corn are real money this year. An Ideal waterer will make you heavier hogs on less feed. Call and see them next time your in town.

## HEARD REPORT FROM RED CROSS MEET

Mrs. F. J. Heintz Presents Interesting Resume of Recent Trip to Washington, D. C.

At Red Cross Headquarters Thursday evening a meeting of citizens interested in questions of public welfare, including Red Cross directors and representatives of various other organizations working along the lines of social betterment. Mrs. F. J. Heintz who was the delegate from the local Chapter of the Red Cross in the National Conference at Washington D. C. in December reported her observations on the meeting.

There can be no other characterization of this report than to say that it was a splendid presentation of the objects and aims of the Red Cross as related to its peace time program. Every phase of the subject was touched upon, and those who were fortunate enough to be present learned much as to the various plans which the Red Cross has in view in relation to the different phases of endeavor on which it is now embarked. The last roll call shows a membership of more than seven millions of members in the nation, and in order to coordinate and provide against overlapping of effort, ways and means were studied which will give the greatest amount of result from such a stupendous membership.

All the questions relating to the work of the Red Cross were given attention and the experience gained by this convention was indeed great by reason of the fact that from every section of the Union representatives of the society gathered with their suggestions which will have the effect of making the great membership of this body move as a unit along definite lines. The utmost harmony prevailed at the convention and all seemed to be imbued with the idea of service, which is the corner stone of the Red Cross as an organization. The meeting voted its thanks to Mrs. Heintz for her splendid effort, and also recommended that the executive committee be asked to have the full report incorporated in the records of the local chapter.

## Social Events

### Gamma Delta Met.

The Gamma Delta Alumnae society held its monthly meeting last evening at the home of Miss Lora Bancroft on Prospect street. A business meeting was held in which plans for the coming year were discussed, after which refreshments were served and a social hour enjoyed.

### Entertained Gleaners of Ebenezer Church.

Mrs. William Hadden entertained the Gleaners of Ebenezer church Wednesday afternoon at her home, northwest of the city. The roll call was answered by "Where My Christmas Vacation Was Spent." The following program was rendered: "A New Year," Mrs. Carl Mariah. Piano solo, Mrs. Lloyd Martin. Dainty refreshments were served by the hostess. The next meeting will be held February 2nd.

### Gave Bridge Party.

Miss Goldie Cohen and Miss Patricia Deutsch very charmingly entertained twelve of their friends at a bridge party yesterday afternoon. The affair was given in the blue room of the Peacock Inn and flowers artistically arranged, added to the attractiveness of the event. Delicious refreshments were served during the afternoon.

### Hospital Aid Society Met.

The regular meeting of the Hospital Aid Society was held Thursday afternoon at Passavant hospital. A large number of members were present and a large amount of sewing was done. A nominating committee was appointed and plans were made for the regular annual meeting of the society to be held two weeks from yesterday, January 21st.

### Fortnightly Club Met With Miss Paxton.

The Fortnightly club held its regular meeting Thursday afternoon at the home of Miss Agnes Paxton on Jordan street. The subject of this year's study is "The Puritan" and a most interesting paper by Miss Mary Johnston on "Old Time Gardens" was read. Miss Johnston, a member of the Woman's college faculty is away on leave of absence at Columbia University, so the paper was read by another member of the club. Miss Johnston is a great lover of flowers and this fact helped to make the paper especially interesting.

### Rev. and Mrs. A. E. Powell Held Open House.

Rev. and Mrs. A. E. Powell held open house for the young and old members of the Sunday school of the Unity Presbyterian church of Woodson Wednesday evening. A very interesting program of games furnished entertainment. For telling the best story St. J. Baxter received a very unique prize. The teachers prepared the refreshments. Lots of amusement was created in the barrel dip. Each person was blindfolded and drew a package from the barrel which contained all kinds of cute and interesting things. The social was closed by reading good stories, singing popular hymns and quoting memory verses from the scripture and prayer.

### Missionary Society of Grace Church Met.

The Woman's Foreign Missionary Society of Grace church met with Mrs. Arthur Cody Tuesday afternoon at her home on Sandusky street. The program in charge of Mrs. R. A. Gates and Miss Laura Fox, proved a very interesting one and Beaumont Potter played a violin solo that was greatly enjoyed. Mrs. Will Hall was elected chairman of the young people's work and Mrs. Lowdermilk was elected as the corresponding secretary of the organization.

### Woman's Club to Meet Saturday.

The Woman's Club meeting which will be held Saturday afternoon at Odd Fellows hall with Mrs. George Gellhorn, who will make an address on "Our New Citizenship" is being looked forward to with a great deal of interest by members of the club. Mrs. Gellhorn was heard with a great deal of enthusiastic appreciation at the Federation meeting at Winchester last October. She is at present at Jefferson City conferring with other interested persons in securing legislation especially concerning women and will come from Jefferson City to fill her appointment here. A luncheon will be served at the Peacock Inn at one o'clock in honor of Mrs. Gellhorn. The members of the Civic Committee and Executive Board of the Woman's club will participate. The social committee will be composed of Mrs. Fletcher Hopper, Mrs. Homer Wood and Mrs. J. R. Davis.

### Missionary Society of Woodson Church Meets

The regular meeting of the missionary society of Woodson Christian church was held Thursday afternoon at the home of Mrs. George Newman. There were twenty-one or more present and the meeting was a most profitable one. Mrs. Ida McGinnison was the leader with "The Bible and the Nations" as her subject. Others who had part in the program were, Mrs. Lou Henry, Mrs. J. F. Henderson, Mrs. Nettie Eard and Mrs. H. L. Owings. An outline of some of the work needed in China and India was given, and several articles read bearing upon the subject of missions. Two new members were received into the society and a number of subscriptions taken for the World Call Magazine. The members spent some time in a pleasant social way before

## FORMER RESIDENTS ARE HONORED IN THE WEST

Whole Town In California Attends Farewell Dinner for Mr. and Mrs. Thomason.

Among former residents of Morgan county who are held in very high regard in California are Mr. and Mrs. James A. Thomason, who have been living at Spring Valley in that state, and who are now residents of San Diego. Mr. Thomason has been living in the coast state for nearly thirty years. He is the older brother of Allison and Charles Thomason of this county and is well remembered by many people here. A California paper which was recently received in this county devotes two columns of space to a description of a farewell dinner party given in honor of Mr. and Mrs. Thomason just before their departure for San Diego. After one reads the article there can be no doubt about the large place that Mr. and Mrs. Thomason have had in the affairs of Spring Valley.

Practically the entire town was present to enjoy the dinner and to show appreciation of Mr. and Mrs. Thomason. Plans for the event were kept from the guests of honor and when a friend who had taken them for an automobile ride drove to the home where the company had assembled they were indeed surprised. Some paragraphs from the California paper referring to this happy gathering are given herewith:

"The tables were arranged in the form of a T, in honor of the initials of the guests, and practically the entire population of Spring Valley was present to partake of the bounteous repast prepared by the housewives in the neighborhood. And anyone who has ever enjoyed the hospitality of that community knows what can be expected when the feminine portion of the population goes in with the purpose of outdoing their former efforts. To say that it was a feast would be putting it mildly.

"After the banquet, Lieut. John A. Abbott, president of the Spring Valley Social and Improvement club, rapped for order, and introduced Mr. Ira C. Robinson, who made a feeling address on what Mr. Thomason had been to the neighborhood, and said that he hoped the many paths leading from the Thomason home that had been made by 'Jim' in his pilgrimages in every direction for the good of the community would be kept as straight when he was gone as they had been during his fourteen years' residence in the valley, and that at no time would any one of them become crooked. He concluded by presenting to Mr. Thomason, on behalf of Spring Valley friends, a handsome gold watch, on which was engraved: "Presented to James A. Thomason by his Spring Valley friends," with the date following.

"Mr. Thomason tried to reply, and made a very good effort; but finally he had to succumb to surprise and emotion and the toastmaster relieved his wrought up feeling by calling on Miss Maria K. Beynroth, who, in a few well chosen words, presented to Mr. Thomason a beautiful wrist watch. Miss Beynroth wound up her remarks by reading a few verses composed in honor of the occasion.

"Mrs. Thomason made a brave effort to reply, but didn't get very far owing to her emotion. "Mr. J. M. C. Warren, president of the Helix Mutual Water Co., then told of the faithful service to the company of Mr. Thomason, and also eulogized him for his many sterling qualities as a citizen and a neighbor.

"Brief talks were then made by Judge Andrews, George M. Hawley, Kenneth B. McMahon, Captain John Campbell, Mrs. Hammond, Mrs. Fraser and others. All the speeches were of course singing the praises of the Thomasons, and from the hearty applause which greeted every reference to their merits there could be no doubt of the genuine affection in which they are held by the community.

"Mrs. Gillespie closed the speech making by reading original verses."

## RIGA SUFFERING FROM YEARS OF FIGHTING

Once Known as Pearl of Baltic Now Monument of War's Ravages—Many Factories Are Closed.

RIGA, Latvia.—By Associated Press.—Riga, which was known before the war as the pearl of the Baltic and ranked as Russia's second port, is one of the saddest monuments to the destruction wrought by six years of ceaseless fighting, much of which took place on the soil of the new republic of Latvia, erected on the ruins of the old Russian government of Lithuania and Courland.

Half a million persons lived in Riga before the war and over 400 large factories kept it busy and prosperous. Now there are only about 200,000 inhabitants and less than a score of factories are operating. The empty shells of various industries stand awaiting the return of machinery which the Russians shipped eastward before the German advance. Lenin and Trotsky have promised to return all the machinery which belonged to Russian subjects. But many of the factories were owned by foreign capitalists and consequently cannot hope to recover their plants.

Great rubber plants, carshops, wood-working shops and saw mills stand idle awaiting capital to buy machinery. The River Dvina and various lakes and inlets lying about the city are filled with logs. But there are no mills to convert them into timber, no ships to carry them into foreign markets. The docks are idle. Few trains operate and those are fired with wood.

**Depend on Agriculture**  
Of the 1,500,000 persons in the new republic, nearly all are dependent upon agriculture for a living. The crops were a failure this year and consequently the outlook is blue for the new government headed by Ulmands, the American-trained Minister-President. But the Letts have learned the joy of freedom in their few months of independence. They fought bravely against the Bolsheviks and later against the Baltic barons who tried to enslave them under General Bermond. And they are courageously building up a national life and a national consciousness in the face of terrible odds.

Unlike most parts of Russia, Latvia was a country where education was general and only a

small proportion of its population was unable to read and write. It had been well in the line of European culture. Its ports of Riga, Libau and Windau had always attracted many foreign traders. The country had been so attractive to German business men that German culture was firmly embedded in the leading cities. Riga is more German than Russian in its appearance. Its broad streets, magnificent, well-kept parks and dignified public buildings give it the air of a German city. Its numerous Lutheran churches are similar to those found in any of the Hanseatic League cities. Its university is organized along German lines. But the great majority of its people have no sympathy with Germany's effort to continue its influence in Latvia thru the German barons, whose estates have been confiscated.

The opera in Riga includes all the standard German, French and Italian operas in the Lettish language. Its schools teach Lettish. The state theater gives plays in Lettish, chiefly translations of the great English, Scandinavian and German masters. One of the new plays recently produced in Riga was written by a Lett about the life of Weesters, a Lettish knight of the fourteenth century who attempted to resist the German domination of Lettland. It is bitter in its denunciation of German methods and has been well received by a public which seems thoroughly determined to maintain its independence at any cost.

## LAFOLLETTE LAW WORKS HARDSHIPS

DETROIT, Mich., Jan. 6.—By Associated Press.—Claims of various shipping companies operating vessels on the Great Lakes that the LaFollette seaman's act has worked a distinct hardship to lake carriers during the past year, has prompted the Inland Waterways' committee of the Detroit Board of Commerce to begin a study of the situation, with the idea of seeking relief from congress. Commercial organizations of Cleveland, Chicago, Milwaukee and other large lake ports will be asked to cooperate, it is said.

According to local navigation heads the seaman's act makes it necessary that lake boats carry larger crews and more lifeboats than are required in lake shipping. This cuts the number of passengers and volume of freight that may be carried and reduces income of navigation companies, it is declared. An effort will be made to have the act amended as it affects Great Lake shipping. In the opinion of committee members, the study of the situation warrants such a step. The committee also will continue its campaign for a direct route from the Great Lakes to the Atlantic via the St. Lawrence during the coming year, it is announced.

A port development committee is being organized by the board of commerce and will begin meeting soon. The committee is being formed in the belief that the Tidewater route eventually will be provided and that Detroit will need to spend millions in port development to meet competition from other lake ports. A complete study of Detroit's needs is to be made. The city plan commission recently finished a port survey here and a report from the commission is expected by the board soon.

## COMPREHENSIVE STATE PARK SYSTEM PLANNED

Would Beautify Banks of Mississippi, and Rivers in the State—Ask Appropriation of \$500,000

Oregon, Ill.—(By The A. P.)—A comprehensive plan for a state park system will be presented to the coming general assembly by Harlan B. Kauffman, newly elected member of the lower house for the tenth senatorial district. It will embody suggestions brought out at a recent conference at the University of Chicago attended by leaders in preservation of beauty spots. Explaining the general idea of the park plan, Representative Kauffman said:

"During the past year a committee of leading conservationists in the state has been investigating places that should be preserved. This committee in its report has recommended eight areas, all of which were endorsed by the Chicago meeting. "It is proposed to follow the Iowa plan and ask the legislature to provide an annual appropriation for the purchase of these tracts. Illinois, it is considered is rich enough to do what other states already have done, and \$500,000 will not be too much for this purpose."

"The propositions in the report were these:

1. Mississippi river bank in Jo Daviess and Carroll counties, this area to extend thru both counties along the river, including islands down to the Savanna region with an extension to the Apple river canyon in Jo Daviess county.

2. Rock River Bluffs, to include the bluffs on both sides of the river from the Mississippi, thru Rock Island, Whiteside and Lee counties, well into Ogle county, with an extension to the White Pine Grove of that county.

3. Enlargement of the Starved Rock reservation to include Deer Park and the banks of Fox and Vermillion rivers in LaSalle county.

4. Illinois river banks in Mason and Fulton counties, this to include the banks on both sides of the Illinois and Spoon rivers and lakes and dunes in the vicinity of Havana.

5. Mouth of the Illinois, this to include both sides of the mouth of the Illinois with areas in Calhoun and Jersey counties.

6. Danville region in Vermillion county, a park in the prairie country.

8. Mississippi river bank in Jackson and Union counties, and Wabash river bank in Gallatin county, both notably scenic regions.

The committee said that to these can be added parts of the Ozark region extending quite across the state, and including tracts in Union, Johnson, Pope and Hardin counties; and also the region of the Mound Builders in Madison and St. Clair counties, and Fountain Bluff.

Ogle county was the pioneer in conservation in the State of Illinois by putting thru the general assembly of 1903 the bill for the purchase of the White Pine Forest.

Those attending the Chicago conference included Dr. H. C. Cowles, head of the botanical laboratories of the University of Chicago; Wallace Heckman, business manager of the University of Chicago; Jens Jensen, president of the Friends of Our Native Landscape; Mrs. W. Welsch, chairman of the conservation department; Illinois Federation of Women's clubs, Desplaines; Robert B. Miller, State Forester, Urbana; Orpheus M. Schantz, President Illinois Audubon Society; Mrs. J. C. Seyster, Secretary White Pine Forest association; and Mr. and Mrs. J. Parker Gowling, Winnetka.

**VOTE FOR FREE TEXT BOOKS**  
Springfield, Ill.—The A. P.—Three school districts in Illinois have voted upon the adoption of the "free-use-of-text-books" law which was passed by the last general assembly. Two have approved it and one has rejected it and at least six other cities including Chicago are contemplating a vote.

Streator and Rockford schools are the only ones at present subject to the law, as a result of a vote cast earlier this year. Belleville defeated the proposal.

Illinois' law, according to the interpretation placed upon it by the state superintendent of public instruction, is:

He instruction is not a "free-text-book law." The law provides only for the "free use" of text books. This is taken to mean that pupils will be supplied books they lack each season. If the pupil has a full set of books he is issued none.

Among the cities where there is talk of adopting the law are Rock Island, East St. Louis, Joliet, Springfield and Chicago. In Chicago the movement is backed by W. H. Allen, who was one of its advocates when it was first offered in the legislature. Under Mr. Allen's direction work is now being done, to obtain 50,000 petition signers, demanding submission of the question at an election in Chicago in February.

## UTILITY CORN SHOW IS HELD IN GALESBURG

First of Its Kind in the U. S.—May Mark Beginning of New System of Judging and Picking Corn for Seed.

Galesburg, Ill., Jan. 6.—By The Associated Press.—A "utility" corn show, the first of its kind in the United States, is being held here today. Corn experts say it may mark the beginning of a new system of judging and picking corn for seed. The Knox County farm bureau is conducting the show.

Rather than determining the prize winners by their beauty of uniformity, size and color, the judges will pass on the ten ear samples by their usefulness in reproducing bushels per acre.

The score card is based on the type of corn which has proven itself the best yielder in actual field tests. It is quite different from the score card of the old show type of seed corn. Each sample will be tested for germination.

The judging committee will consist of a representative of the U. S. Department of Agriculture, the University of Illinois, and the Illinois Corn Growers Association.

The old standard of judging calls for an ear of such circumference, length and form that mathematically holds the most corn on the cob, and is most pleasing to the eye. Experiments, however, it is said, have proved that beauty is only skin deep and that nature has a different opinion of the type of ear that yields most bushels per acre. Old corn breeders have boasted that they have looked over 10,000 bushels of corn to pick their ten ear sample. By planting winning samples of state and national corn shows it has been proved, it is said by agricultural leaders, that some winning ears were dead, and in no case could they reproduce themselves.

Under the new score card thirty five points out of 100 are determined by the germination test and its reading for the vitality are signs of diseases which it shows up.

A total of 110 ten ear sample entries have been made from all parts of the state. There are thirty entries in the fifty ear class.

Several old corn judges are competing in this contest, trying to prove to their satisfaction whether the old score card they have formerly used is going to be overruled.

Dr. G. W. Miller is nursing a severe cold this week.

The new baby girl, Eva Marie, who came to Mr. and Mrs. Thomas Hawks' home a few days ago, tipped the scales at four pounds.

Fred and Sam Henry shipped a car of fine hogs to St. Louis Tuesday and J. W. McAllister shipped a car of beef cattle that were fine.

Tradition says Jan. Feb. and March are to be fine, for the first three days of the New Year were so fine.

The little baby of Dr. and Mrs. Jones is improving now.

There were four young ladies baptized at the Christian church last Sunday morning.

C. G. Self and son butchered last Monday.

Mr. and Mrs. Amos McCurley of Route 5, Jacksonville, gave a New Year's dinner at which there were many neighbors and friends gathered. All enjoyed the day and pronounced it a success.

Two cars of coal came in Monday and the people were so anxious for it that it was all the bins by night fall.

Mrs. L. P. Fisher has been on the sick list for the past week.

Mr. and Mrs. William McCurley spent the day in Murrayville Sunday.

Paster I. H. Fuller attended the revival meetings being held in Manchester Monday evening.

The infant of Mr. and Mrs. Len Fitzsimmons, who has been ill is now showing a gratifying improvement.

Charles Fuller of Detroit, Mich., and his sister of Murrayville, were visiting in Woodson last Tuesday at the home of Mr. and Mrs. Sam Henry. Mr. Fuller is a nephew of Mr. Henry.

Miss Craig, who is teaching in the high school at Fairfield, Ill., returned to her work there after a few days spent with her parents, Mr. and Mrs. W. T. Craig of Woodson.

The home talent play, "Light-house Nan," given Tuesday evening by the Parent-Teachers Association was a real success.

Each character was well represented. It was a financial success. The hall was filled to the last foot of room. The receipts were about \$125.

The Parent-Teacher Association is truly grateful for the help of each in this home talent. They are thankful, too, for the splendid patronage given by the community.

Rev. H. H. Peters of Bloomington will preach next Sunday morning and evening in the Christian church with special service at 2 p. m.

## NEWFOUNDLAND FISHERIES FAIL

St. Johns, N. F.—By the A. P.—Several thousand fishermen have left Newfoundland owing to the comparative failure of the colony's fisheries this year and the low price received for the products. They have gone chiefly to Canada and the United States.

The total catch of herring in the season which ended in the middle of last winter was only about half the average of previous years and, because of renewed competition with Scotch, Dutch and other foreign markets due to the return of peace conditions, the value was greatly reduced. The early spring fishery for cod off the South Coast and the seal fishery off the East coast were failures.

The main cod fishery around the coast of the island and Labrador resulted in an estimated catch of 1,300,000 quintals (of 12 lbs.) as against 1,700,000 for last year. The prices dropped from \$12 to \$10 a quintal for Newfoundland fish and from \$10 to \$8 for Labrador cod. The decline in prices of cod, oil, lobsters, salmon and other subsidiary products has been so great that the fishermen will not receive more than half the amount which they obtained last year.

Another factor tending to emigration is the curtailment in the iron mines, where forces of 3,000 have been reduced by one-half. Altho the pulp and paper mills are making an exceptionally large cut of wood, they cannot absorb all the men seeking work from them this winter.

## SHORT COURSE TO BE OFFERED AT U. OF I.

Champaign, Ill.—By A. P.—A short course in dairy manufacturing featuring ice cream and butter making, will be offered by the department of dairy manufacturing of the College of Agriculture at the University of Illinois, starting Jan. 31 and lasting until Feb. 11.

Frank Devine of the Pisgah neighborhood was brought to the Passavant hospital yesterday afternoon to undergo an operation.

L. Jackson was a city guest from Littlefield Thursday.

## PLEASING GRATITUDE

One Sunday, after dinner, a moderately successful Chicago attorney, was called over the telephone by a man who wanted very much to see him. The lawyer replied that he didn't like to do business on Sunday but the man was so urgent he finally consented and shortly after an automobile drew up in front of the lawyer's house and he and his wife were invited by a total stranger to get in and take a ride. As they were passing along the stranger asked the attorney if he had thought of buying a home, and the latter replied he had wished to do so but was unable to secure such a residence as he wished and in a desirable location. They rode on to Rogers park and stopped in front of a handsome new house, large, well built and completely furnished. They went in and looked over the place.

The stranger asked the lawyer how he liked the place but the latter replied it was useless for him to express an opinion, as he was utterly unable to buy such a piece of property, though of course it was fine and desirable.

Then the lawyer's wife was asked how she liked it and replied, of course, she couldn't help liking it, but that it was far beyond their reach, whereupon the stranger drew from his pocket a deed, abstract and insurance policy and handing them to the astonished attorney and told him the place was his. Then he said:

"Do you remember seventeen years ago a stranger, utterly down and out, called at your office and asked you to do a lot of free work for him in connection with some mining property?"

The lawyer said he recalled the incident, though he had not thought of it for some time.

"Well, I am that man. You saved my all. Now I am wealthy and you have your reward."

Basketball, K. C. vs. Chandlerville, Liberty hall, Friday 8 p. m.

W. H. Lankuler was a business caller in the city Thursday from Ashland.

VICTORY OF PIAVE  
IS OBSERVED

Italians Celebrate at Fiume—  
Entire Population Takes Part.

**Fiume.**—By the Associated  
Press.—The anniversary of the  
Italian victory on the Piave was  
celebrated here by a great dem-  
onstration, in which the whole  
population of Fiume, both mili-  
tary and civilian, participated. It  
began at the "Monument of the  
Anchor," a marble base, like an  
altar, supporting the anchor  
which belonged to the first Ital-  
ian warship to put into the port  
of Fiume after the war. All  
Fiume's manifestations center  
there, as in ancient Rome they  
centered at the capital and in  
modern Rome at the later on the  
monument to Victor Emmanuel.

Every man, woman and child in  
Fiume seemed to be gathered  
round the monument, which was  
soon completely covered in  
flowers, while officers, soldiers,  
sailors, artilly clambered up all over  
it waving their caps and singing.  
There are any number of these  
songs written for the volunteers  
of d'Annunzio's expedition, such  
as: "Noi siamo i desertori, ma  
non di Caporetto." ("We are the  
deserters, but not the ones of  
Caporetto," referring to Nitti's  
speech in the Chamber when the  
news of the expedition to  
Fiume reached Rome, on which  
occasion he branded all d'An-  
nunzio's men as deserters.)

Hundreds of flags were group-  
ed artistically round the monu-  
ment and about them gathered  
in a picturesque spectacle the  
different battalions of the artilly,  
wearing their red, blue and  
black fezzes, the officers with  
caps tilted at a rakish angle,  
reminiscent in their appearance  
of the "musquetaires" of the  
times of "D'Artagnan."

After several persons had  
spoken amid constantly growing  
enthusiasm, a procession was  
formed, which, with flags and  
banners at the head, defiled thru  
the main thoroughfares of the city.  
Arriving at a bridge obstructed  
by thick barbed wire entangle-  
ments, the artilly delivered a  
sham attack upon it and on the  
run, the procession entered Su-  
sak, the Slav suburb of Fiume,  
which lies at the other side of  
the bridge, and rushed thru its  
streets, shouting and singing  
waving their flags, caps and  
weapons, while the Slav popula-  
tion looked on with placid and  
unmoved stare.

d'Annunzio's men are all  
young and self-confident, strong  
and fit enthusiastic and patri-  
otic, devoted to their leaders,  
proud of Fiume, of Italy, of  
d'Annunzio, ready to fight and,  
if need be, to die for their cause.  
The majority are seasoned war-  
veterans, having fought thruout  
the whole of the world war and  
among their leaders are some  
of the most brilliant generals  
and officers of the Italian army.

Mrs. Grace Hembrough was a  
city shopper from Woodson  
Thursday.

## PEOPLE PREPARING FOR INCOME BLANKS

Deputy Collector Tompkins Is Receiving Many Inquiries About Income Tax Returns.

The placing of signs on the windows of Room 209 Scott block completes the equipment provided for the Jacksonville Internal Revenue office. This office was established here permanently through the efforts of Collector of Internal Revenue John L. Pickering.

Reports from the local headquarters of Uncle Sam's internal revenue department indicate that folks are thinking seriously concerning the filing of their income tax returns for 1920. Deputy Collector S. J. Tompkins has been besieged with requests for information and assistance to such an extent for the past several weeks that he has been compelled to postpone much of his regular work and devote his time to those who ask for instruction and help.

The revenue office has been permanently established in Jacksonville for several purposes. The stamp clerk, Mrs. T. E. Methven, keeps on hand at all times a supply of the many kinds of stamps and in the various denominations, issued by the revenue department. The office is open during business hours for the sale of stamps.

Deputy Collector Tompkins is also provided with complete equipment for the handling of his work in connection with the checking of income and miscellaneous tax returns. His field of work covers Morgan and Scott counties and for this reason he

is not continuously in the local office.

Regarding blanks for reporting 1920 income, there has been no information given out by Collector Pickering, as to the date they will be available. However, it may be reasonably expected that they will be released at no distant day. Every person, filing a return last year, will receive by mail a new blank for reporting his income for the past year. In addition there will be a supply at each bank and at the local revenue office.

Many questions have been asked concerning changes in income tax regulations. For the information of the general public, it may be said that the law applies the same this year as last, no important changes having been made up to this time.

The Jacksonville revenue office has been open for business for the past six months and the wisdom of such action has been clearly demonstrated. Taxpayers may prove it a real asset to Jacksonville by filing their current tax returns there and purchasing all their stamps from the stamp department of this office.

### NAMES OF OTHER MECHANICS ARE RECALLED

Editor Journal:

I was much interested in O. J.'s mention of early mechanics and while it is of course utterly impossible to give anything like a complete list I would like to mention a few more. Thomas Carson, not Thomas Carson, Jr., was one of the first bricklayers and masons. He was in partnership with Wesley Platt for a number of years. Then Alex Platt is to be credited with lots of good brick work and plastering. Henry Irving was a man who did a great deal of building, almost his last contract being the building now occupied by the Journal company and erected in 1888.

John H. Myers, father of the late George Myers, built the Congregational church in the early 60's. Then among cabinet makers were William Branson, James Anderson, Josephus Happy and others.

B. F. Gass told me that he built the house occupied by the late Edward Elliott and which was built by the Central Christian church. When the work was completed the contract price was paid and later Mr. Elliott asked Mr. Gass what the work cost him and was told that the contractor lost \$1,700, whereupon Mr. Elliott handed him a check for the money, remarking he couldn't bear to live in a house which lost an honest man money.

When a humble employee, working for a modest salary, I did considerable business in a small way with the banking house of Hockenhull, King & Elliott and was always treated with great courtesy and consideration. Mr. Elliott being the one with whom I generally dealt. Later when I went into business Mr. Elliott came to my store and bought some goods and, remembering his kindness to me, I made a very low price on his purchases, whereupon he remarked:

"Sam, that isn't enough. Here, take this," handing me much more than I had asked him.

When Mr. Irving built the Joy Prairie Congregational church in the early 60's he lost \$500 on the contract and the church made it up to him.

It was Hugh Wilson, not Henry, to whom O. J. referred. He had a brother, David, who worked with him. He later built a planing mill where Nunes' monument works now are and which was destroyed by fire.

S. W. Nichols.

### POLAND WILL CARE FOR CHILDREN

London. — By the A. P.—Poland's new constitution probably will contain a provision for care of children by the state which will make it unique, in opinion of officials here who have seen the draft. The article which now is before the Polish Diet reads:

"Each child deprived of parental care, or who is neglected morally or materially, has the right to secure care and aid from the state. The sphere of the state's duties in this capacity will be defined separately by laws, which will foresee as well the protection of mothers who may require aid, before the birth of the child and the protection of the child in infancy.

As far as known here no constitution in the world includes such a provision.

## PARK BOARD IN REGULAR SESSION

Various Matters Are Considered by Members—Will Do Work at Mauvaisterre Park As Funds Permit.

The park board met Wednesday evening with all members present. The work of the year, which will close Jan. 27, was discussed and various matters pertaining to the work of the new year were talked over.

Mauvaisterre park is a great addition to the duties and expense of the board and the utmost economy will have to be practiced in order to carry on the work and do what is needed for the improvement and betterment of the city's new acquisition.

The most important question before the board is the contemplated new drive through the new park. Mr. Simons, the landscape architect who has been here surveying the work, submitted his plans, which are quite elaborate, and if carried out would make the place most attractive.

As much of a beginning as possible will be made and work done in the most economical and judicious manner. It is the intention to use a lot of seedling trees which can be bought for a small sum and with care will soon grow to good dimensions. A goodly variety has been suggested and they will be selected as far as may be practicable when the season arrives.

Superintendent Hopper reported that he is having chiders

haunted for the driveway toward the exit north of the bathing beach and also for Duncan park.

Mr. Hopper also reported clearing away a lot of brush and rubbish near the barn and suggested planting of some trees there which would hide the barn and at the same time serve for a bird retreat and produce food for the songsters, and he was instructed to go ahead with the work as soon as the time arrives.

Though there have been many expenses and costly improvements the financial condition of the board is encouraging. It is the intention of the board to keep up the parks already established, as they are the resorts and playgrounds of the people and at the same time do all that is practicable in the new acquisition.

The present time would be a superb time for some man of means to leave an imperishable monument for himself by coming forward with the means for beautifying Mauvaisterre park as suggested by Mr. Simons. There are lovely islands suggested in the new lake; various betterments and adornments of different kinds; then, as a day dream, turning the old insane reservoir, now abandoned, into a Greek theater. Imagine it!

This all could be done and the name of the honor attached to it in some way to do him or her justice in the eyes of posterity.

### PUBLIC SALE.

Thursday, Jan. 13, at Duncan Springs farm, 2½ miles northwest Joy Prairie, cattle, horses, hogs, hay, implements, etc.
